

SPEED

JR GOLF LEARNING CENTER ORLANDO

BETTER - FASTER

The **BEST Golf Camp in America** picked by **Sport Illustrated KIDS**, the Maine Golf and Tennis Academy brings its teaching system to Orlando.

Now kids from all over the world can keep sharp with this nationally recognized staff and teaching approach and program.

HI TECH TRAINING - V1 VIDEO ANALYSIS

Our unique SPEED Junior Golf Learning System will have your child learning and improving faster.

Better and Faster than ever before.

When you can give kids the tools and opportunity and the motivation to absorb, they will learn quicker than we ever imagined.

At the Maine Golf and Tennis Academy program in Belgrade, Maine we have children who come from over 40 countries and all over the United States.

We have created winter time mini-version of what we teach in Maine.

We Know That *You Will Love What We Do.*

AMERICAS BEST GOLF CAMP**

FUNDAMENTALS:

**GRIP - ALIGNMENT - POSTURE -
STANCE - BALANCE**

**PUTTING, CHIPPING, PITCHING, SHORT &
LONG GAME, BUNKER, RULES, ETIQUETTE**

The same proven Technical, Tactical, Psychological and Physical components of our award winning training program are delivered here in Orlando. Your child will benefit from our highly trained and supportive staff, to help bring out their best. Above all our professionals are wonderful Role Models providing a wholesome atmosphere of building skill and self confidence. Which is the reason why we were picked BEST Golf Camp in America by:

Sports Illustrated KIDS

How (much) You Practice...

YOU WILL LOVE HOW YOU LEARN

The SPEED Jr Golf Learning System is simple.

First, we give your child, a warp speed look at the game and all its components.

Second, we take your child back through fundamentals in a way that makes you love to practice.

Third, we give you written and verbal feedback, homework and evaluations that help your child measure their achievement and progress.

Each day will be devoted to teaching the fundamentals, helping develop good practice habits and understanding how to improve the Technical, Tactical, Physical and Psychological components of the game of golf.

This is a curriculum based and developmentally progressive approach to teaching. Above all we teach that only the BEST Attitude, Effort, Etiquette and Commitment wins.

In June of this year, over 380,000 NCAA Athletes will turn Pro.... in something other than sports.

But they all learned how to succeed through sports.

This will be our gift to you and your family as the get a taste of success and want more.

For the Full Program please look at our web site www.GolfCamp.com to see how we do it when you come to Maine.

Call Tom Leimberger for details 352 636-1715

Meanwhile, we have brought you a mini- version of the BEST Golf Camp in Americas program

EXAMPLE, EXAMPLE, EXAMPLE

Imitation is often the only way children learn. Knowing that we are ever so aware of our responsibility and honor to be given the opportunity to be a role model for your child. Thus the reason we have chosen the highest caliber instructors who all believe that we can only offer three things: example, example, example.
